# “Cosmetic & Medical Treatments utilizing CGF/PRF, Botox & PDO ”

**Dr. Eleftheria Gliarmi**

MD, MSc, PhD

| Course Director

**16 CEU**  
**2-DAY**

## PROGRAM OVERVIEW

This hands-on course explores **LPCGF, APAG, and ICF**—cutting-edge autologous regenerative therapies utilizing **growth factor and stem cell technologies**. Learn techniques for **skin rejuvenation, wrinkle reduction, and hair regeneration**, along with post-treatment care using personalized **autologous creams and masks**. On **Day 2**, master the latest **BOTOX and PDO THREAD LIFTING** injection techniques for enhanced precision and results. Upgrade your skills with the latest in regenerative aesthetics.

- **LPCGF (Liquid Phase of Concentrated Growth Factors)** – A non-surgical autologous mesotherapy using the client's own blood for facial rejuvenation with CGF.
- **APAG (Activated Plasma Albumin Gel)** – A natural, biocompatible filler derived from blood cells, processed using Medifuge and APAG devices.
- **ICF (Inductive Collagen Formation)** – An autologous treatment that stimulates collagen production for enhanced skin texture.
- **Juventute Skincare (Mask, Cream, Lotion)** – Post-treatment care products combining growth factors with natural ingredients for skin recovery.
- **Botulinum Toxin & PDO Lifting** – Minimally invasive procedures for wrinkle reduction and skin tightening using Botox and PDO threads to lift and regenerate facial tissues.

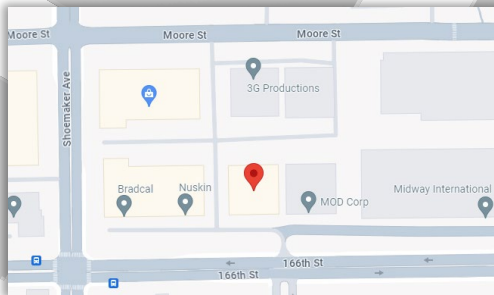

## ABOUT DR. GLIARMI

Dr. Eleftheria Gliarmi graduated from the University of Medicine and Pharmacy Carol Davila of Bucharest in 1997 and has a background in general surgery across various hospitals in Greece.
